

All about Mrs Stevens...

I got married in December 2022 on a cruise ship... in the middle of the ocean somewhere between Maderia and Gran Canaria!

I'm originally from Coventry in the West Midlands, but I lived in Stromness in the Orkney Isles before moving down to the Southwest.

I love watersports - mainly scuba diving and bodyboarding. My most memorable day was at Ningaloo Reef in Western Australia. I dived with manta rays, sea turtles, sea snakes and so many different fish. I also snorkelled with whale sharks on the same day... and saw humpback whales! It was the best day ever!

I love travelling and exploring new places. I have been very lucky as I have visited Sri Lanka, Mauritius, Australia, Singapore, Egypt, Mexico to name just a few! I have lots of places I still NEED to explore!!

I love all animals but my favourite pets are cats - I've got a young cat called Willow. She's a great hunter—she's particularly good at catching shrews!

I really enjoy art, the outdoors, music and history... I appreciate spending time visiting museums, art galleries and listening to bands.

Spending time at the beach is something I love to do. We are so lucky that we live near so many fantastic beaches, my favourite beaches are Widemouth Bay, Lantic Bay and Polridmouth Cove.

I really enjoy cooking - I've recently learnt how to make proper pasties and I also love eating!! Yum...
