

Think you know Mrs McKillop?

Before I decided to be a teacher, I worked in a sailing school—this meant I got to go out on speed boats and yachts every day! Only problem is—I get really sea sick!

I love travelling and going on holidays— I've been to many African and Middle Eastern Countries and travelled in South East Asia—but I can't stand being hot!

I have a very lovely daughter called Caleigh, whom many of you know! She loves coming to Brunel almost as much as I do!

My favourite food is curry. I could eat it *every* day of the week !

I love swimming in the sea! I swim in just a costume all year round, including in the winter! I get a bit scared sometimes but still enjoy it!

I love spending time at the beach— we are so lucky where we live in Cornwall, aren't we? My favourites are Cawsand, Wembury, Whitsand and Millendreath!

I like sewing my own clothes on the sewing machine and enjoy other crafts too!
